THE STATE BAR OF CALIFORNIA BOARD OF LEGAL SPECIALIZATION ADMIRALTY AND MARITIME LAW Examination Specifications

Purpose of the Examination: The Admiralty and Maritime Law Examination consists of a combination of essay and multiple-choice questions. It is designed to verify the applicant’s knowledge of and proficiency in the usual legal procedures and substantive law that should be common to specialists in the field as represented by the skills listed below. We recognize that these skills are interrelated, which may require that you apply several skills in responding to a single exam question. Also, the order of the skills does not reflect their relative importance, nor does the skill sequence represent an implied order of their application in practice.

Your answers to the exam questions should reflect your ability to identify and resolve issues, apply admiralty and maritime law to the facts given, and show knowledge and understanding of the pertinent principles and theories of law, their relationship to each other, and their qualifications and limitations. Of primary importance for the essay questions will be the quality of your analysis and explanation.
